

Cub Run Elementary PTA  
General Membership Meeting  
Wednesday, February 2, 2022 7PM- Zoom

Call to Order Amy Taylor

The meeting was called to order at 7:00 PM. President Amy Taylor opened the meeting by welcoming members. All in attendance introduced themselves to the group.

Meeting agenda Amy Taylor

The agenda for the meeting was introduced and approved unanimously.- Budget, Fundraising, Playground

Officer's Reports

Treasurer's Report Josh Morris

Current balance \$13,067. We received over \$3,000 from the Attractions fundraiser.

Membership Julie Harris

Julie Harris reported that current membership stands at 71 members as of meeting time. There will be a membership raffle to increase membership numbers. The drawing for prizes will be at no cost to PTA. The goal is to have a larger pool of volunteers moving forward.

Fundraising Goals Charlotte Lambert

Charlotte Lambert brought up the one-and-done fundraiser concept. It lets the PTA tell parents/donors of our specific goals & purposes, but loses effectiveness if we need to subsequently fundraise additional \$.

Details of the Banner Fundraiser were presented. Muddy Feet is confirming pricing. Cost would be \$350 for the remainder of the year, with a goal of 10 banners, and first right for next year. Need info on last year's list of sponsors.

Playground Committee Kristin Gardner

Amy presented Eric White's proposal for immediate needs for the playground. To comply with regulations, we need to update to 12" borders, replace playmats and renew the mulch. The cost for those items would be \$4,845.

Kristin Gardner has graciously led the playground committee for many years. We will have to find a new volunteer next year when her youngest moves up to Montevideo. Kristin is meeting with the playground committee to look into family fun night sponsors to address the playground needs.

Principal's Report Kenny Boyers

Mr. Boyers brought up the topic/possibility of a picnic shelter type of building on/near the playground. It would provide the shade that has been wanted in that area for many years, and could provide an opportunity for community outreach/connections, if reservations could be made, etc. He also brought up the ongoing discussion of continued population growth within the CRES district. CRES is already at high attendance numbers, and there are additional developments planned.

There being no further business, the meeting adjourned at 7:45 PM.

Respectfully submitted,  
Matt Ogden

Next Meeting: Wednesday, April 6, 2022, 7PM, Zoom
